I. The meeting was convened for the purpose of reviewing the progress of works execu[ted] ing the quarter ending 30th September 1894, and to consider the proposals for the current qua[rter].

II. The statement of expenditure by Public Works Department was first placed before the Board. It was observed by the Board that a little more than [illegible]th of the annual grant for works w[as] spent during the quarter, while the establishment charges incurred amounted to nearly twenty-two per cent on the works actually turned out. It was also noted as satisfactory that Rs. 1,573 being more than half the Budget grant for improving the drainage and formation of Tirumakudlu-Narsipur-Chamrajnagar road was expended during the first quarter.

III. The statement showing the expenditure on works executed by the Revenue Department was then taken up. It was observed that six works which were carried out during the previous year at a cost of Rs. 812 were paid for during the current year, and that no fresh works had been begun during the quarter. The Amildars explained that the season for taking up fresh works had not yet commenced and that they would show more progress during the next quarter.

IV. Read Government order No. 5634—L. F. 46-94, dated 27th September 1894, returning the estimate for improving the sanitary condition at Hanasoge, unsanctioned, for report, whether the District Fund Board have approved the proposal of spending Rs. 1,367 on one village.

Resolved that the works being necessary, and the raiyats having come forward with a contribution of Rs. 246 for earth work, it should be undertaken and an allotment of Rs. 500 made therefor during the current year.

V. Read Government order C. No. 1-9—L. F. 88-93, dated 4th October 1894, sanctioning an allotment of Rs. 9,000 from Local Funds General for works to be carried out during the current year, including the incomplete works of last year.

Resolved that the Amildars be requested to exert themselves to spend the whole amount during the year.

VI. The list of works to be sanctioned during the year was next placed before the Board, and the proposed works were next examined as to their utility and urgency, and the works entered in the accompanying statement were approved and ordered to be submitted for the sanction of Government.

VII. Read report No. 35, dated 26th October 1894, from the Amildar of Gundlupet Taluk, submitting for sanction, a revised estimate amounting to Rs. 697, for repairing the tank at Bandipur.

Resolved that the work be put off for the present.

VIII. Read report No. 36, dated 26th October 1894, from the Amildar of Gundlupet Taluk, submitting for sanction a revised estimate amounting to Rs. 666 for repairing a pond at Bandipur.

The Amildar having explained that the work was very necessary, and that the enhanced rates were due to dearness of labor, it was resolved that the revised estimate be sanctioned from Local Funds General.

IX. Of the absent members, the Amildar of Chamrajnagar has reported that he was engaged in Survey Settlement, and the Amildar of Heggaddevankote, that he was in attendance upon the Maharaja of Dholpur. The Amildar of Yedatore explained that he was prevented by heavy rain from leaving Yedatore. Mr. Davudkhan was absent from Mysore on private business. The explanation from other absent members is awaited.

X. The meeting began at 3 and closed at 5 P. M.

(*e*) Opening a deviation road from Agalgandi to Huligaradi village.

Resolved that this proposal be submitted to the Education Secretary for favorable consideration.

7. Read Kadur Amildar's ittilla No. 380, dated 29th August 1894, stating that the Amrut Mahal bulls left in the Taluk for breeding purposes died of cattle disease on the 28th of August 1894.

Resolved that the proposition be considered at the next Budget meeting.

11. Mr. G. R. Oliver urged the importance of—

(a) the early construction of a bridge across the Bhadra river at Tadasa.

It was resolved unanimously to recommend to the Government the early construction of the bridge across the Bhadra at Tadasa, as in the opinion of the Board it is urgently required for the reasons noted below :—

(a) Koppa depends for its grain supply mainly on the Tarikere market.

(b) The construction of the Birur-Shimoga Railway cannot affect the supply of grain to Koppa from the Tarikere market.

(c) Though the Malnad traffic to the Railway will be accommodated by the Yedahalli-Benkipur road, the grain traffic to Malnad from Tarikere cannot be diverted to that line.

(b) The continuation of the Birur-Lingadahalli Railway feeder road.

Resolved that the Government be requested to allot funds for this useful road from Local Funds General as this continuation to Hebbe *viâ*, Sampige Khan is in the opinion of the Board considered very important and urgent.

12. Proposed by Mr. K. Ramaswamaiengar that one-third share of the cost of constructing a dispensary for women and children may be borne by District Funds.

Resolved that the proportionate cost of the construction be met from the General Savings of the current year's District Fund Budget as per Government Proceedings No. 704-53—L. F. 117-93, dated 16th October 1893.

13. The question of maintaining the Koppa-Kalasapur road by the Government and providing a grant of Rs. 180 annually from the District Fund Budget was brought forward by the Executive Engineer.

Resolved that as in the case of similar branch roads a sum of Rs. 180 be paid annually to the persons who agree to keep up this road, under the usual conditions regarding the upkeep of the roads.

14. Proposed by Messrs. M. Ganesh Rao and others that they may be furnished with the Proceedings of the Board printed in Kanarese.

Resolved that it be represented to Government to have the Proceedings of the Board printed in Kanarese for the benefit of those members of the Board who do not understand English and of those whom they represent.

15. Read statement of expenditure incurred in the Revenue and Public Works Department from District Funds to the end of September 1894.
